Experience

11/2017 — [present](#)

Lead UX developer [Van Lennep](#)

Creating digital experiences with the newest web technologies. Leading their digital activities from a technical and digital design perspective. From UI/UX design, project management to front-end development

08/2016 — [present](#)

Founder [Devign.it](#)

Digital agency focused on digital product development & brand and experience design Defining digital concepts and ideas by the means of developing an designing it.

03/2016 — 09/2016

Frontend developer [Lucas and Mallee](#)

During this internship I've developed websites with HTML5, CSS3, jQuery, PHP, Gulp, Node.js and SASS. I specialized on interfaces animations, design in combination with code and little big details.

02/2015 — 09/2015

Co Founder [Releasium](#)

Releasium is an online platform that notifies users when ticket sales of their favorite events starts. Supported by Startup Bootcamp in B.Amsterdam. Co-founded as creative hussler.

05/2014 — 08/2014

Co Founder [Bierkini](#)

A neonprene beer holder that looks like a bikini. Second Kickstarter project in the Netherlands and used as a viral marketing product for the World Championship in Brazil. Unfortunaly we didn't reached our Kickstarter goal and the Dutch team won bronze.

04/2014 — 08/2014

UI Designer [Knowhowww](#)

Developing and designing websites with Wordpress and mostly learning the infinite capabilities of the internet.

01/2014 — [present](#)

Founder [DVDZ Design](#)

Started DVDZ.Design, my first company and the perfect job next to my study. Offering website development and almost anything that was digital. First by myself and later, depending on the projects, we grew flexible to 4 freelancers

10/2014 — 01/2016

Graphic designer [Club Stalker](#)

Creating and execute awesome multiple party concepts, making designs and work till 7 in the morning. Being part of the Club Stalker Family at such a young age (16) has been the foundation for my creative thinking, hard working, being open-minded and love for music.

Extras

2017

Official member [T500](#)

Member of the T500. A shortlist with the most inspiring under 25's across the fields of digital hustlers from The Next Web.

03/2016 — [present](#)

Student member [Program Committee](#)

The program committee provides advice on various subjects that have to do with policy, management or education of the study Communication and Multimedia design and represents the interests of students and teachers.

01/2016

Nominee [Young Talent Spin Awards](#)

With the course entrepreneurship we had made an application Split the Bill and were selected for the Young Talent Spin Awards.

07/2015

Winnner App [Down the Rabbit Hole](#)

For a school assignment we had to design an application for the three day festival Down the Rabbit Hole. These were assessed by the organization MOJO. With my interaction design I won free tickets to this wonderful festival.

01/2014

Nominee [Golden Dot Awards](#)

With Catmatch we ensured that asylum cats were given a new home by matching them to an appropriate loving new owner by liking and disliking. We were selected in the category P-kings (first year students).
